*** ON-SITE AUCTIONS ***

We specialise in holding auction sales on the vendor's own premises anywhere in the UK. If you would like further information, a quotation, or a site visit without obligation to discuss how we can help you, please ring John Roebuck (07814 742042) or Colin Crossland (07885 359255)

If you would like us to keep you informed about future sales, either as a buyer, or a seller, please leave your name and address at the pay office together with details of your interests.

CONDITIONS OF SALE

This sale is conducted in accordance with our Standard Conditions of Sale as displayed at the pay office. Please read all notices on display.

VAT

VAT will be charged on the bid price of all lots marked * at the rate of 17.5%. Overseas buyers will be required to pay a deposit equivalent to the VAT, and this will only be refunded upon receipt of satisfactory commercial evidence of movement to another EC member state together with the buyers VAT number and proof of export.

HEMINGBROUGH MACHINERY SALE

The next sale at The Old Brickyard will be provisionally held on the 18th of October 2008. If you have sold goods with us recently we will automatically send you an entry form about a month before the sale. If you have not sold goods recently but wish us to send you an entry form for the next sale please ask at the pay office. Please advise us early if you have items to consign that require advertising.

TERMS & CONDITIONS OF SALE - GENERAL

1. These Conditions apply to all goods entered for sale or sold by Watts & Associates (Auctioneers) Ltd ("the Auctioneers") and are binding upon every Seller and Buyer.
2. The Auctioneers sell as Agents for the Seller and as such are not responsible for default by Seller or Buyer.
3. The Seller warrants to the Auctioneer and to the Buyer that he is the true owner of the Lot or is properly authorised to sell the Lot and is able to transfer a good title free from any third party claims. The Seller will indemnify the Auctioneers and the Buyer against any loss or damage suffered by them in consequence of any breach of this warranty.
4. All Lots are sold with all faults and imperfections and errors of description. Illustrations are for identification only. Buyers should satisfy themselves prior to sale as to the condition of each Lot. Neither the Seller nor the Auctioneers are responsible for errors of description and no warranty is given in respect of any Lot.

CONDITIONS MAINLY AFFECTING THE BUYER

5. The Auctioneers have absolute discretion without giving any reason to refuse admission to any person.
6. The highest bidder shall be the Buyer. Any dispute as to any bid shall be settled at the Auctioneers' absolute discretion. In particular the Auctioneers may: -
 - a) determine the amount of advance at each bid
 - b) refuse any bid
 - c) withdraw any Lot from the auction
 - d) put up any Lot for auction again
7. Unless otherwise stated VAT is payable at the current rate on the hammer price.
8. Immediately a Lot is sold the Buyer must: -
 - a) Give his name and address to the Auctioneers and, if requested, proof of identity
 - b) Pay the purchase price (plus VAT at the current rate) or, at the option of the Auctioneers, a deposit with the balance being payable before the Lot is removed and in any case not later than 5 p.m. on the next working day. If a Buyer buys more than one Lot he must have paid for them all in full before any lot may be removed. Payment must be made in cash unless other arrangements have been agreed with the Auctioneers prior to sale. A payment by cheque will not be deemed to constitute a payment until it has cleared and until then the Buyer shall not have any right to remove the Lot.
9. The ownership of a Lot shall not pass to the Buyer until he has made payment in full to the Auctioneers for all Lots purchased by him up to and including the date of payment. If any Lot is not paid for by 5 p.m. on the next working day any deposit will be forfeited and all Lots or any of them may be resold without notice to the Buyer. Any charges or loss incurred on any resale of any of the Lots will be payable by the original defaulting Buyer.
10. The Buyer shall at his own expense take away all Lots not later than 5 p.m. on the next working day. In default of this storage will be charged in accordance with the Auctioneers' Standard Scale of Charges. The Auctioneers reserve the right to re-offer for sale any Lots remaining on the premises for any reason after 5 p.m. on the next working day and to deduct any charges incurred from such sale. The Auctioneers have absolute discretion as to which, if any, Lots to offer for resale and the resale of any Lot shall not prejudice the rights of the Auctioneers to claim payment of all amounts due in respect of that or any other Lot after giving credit for any amounts received on a resale.
11. No Lot may be transferred to a sub-purchaser.
12. Lots are at the Seller's risk up to the time of sale and the Buyer's risk after that. If Lots are demonstrated to prospective Buyers this is done at the Seller's risk. The Auctioneers accept no responsibility for loss or damage no matter how it arises.
13. The Buyer of any lot is responsible for complying with all legal requirements as to the construction and use of that Lot and for obtaining all Authorisations necessary before the Lot can be used. It is a condition of sale that any necessary work is carried out (and in particular that any motor vehicles are made roadworthy) before the Lot is used.

CONDITIONS MAINLY AFFECTING THE SELLER

14. The Auctioneers reserve the right to refuse to accept for sale any Lot.
15. The Auctioneers shall be entitled to a commission on the price at which the Lot is sold in accordance with their published scale of charges. Payment shall be made at the time of sale. The Seller authorises the Auctioneers to deduct commission from the sale price. In addition the Auctioneers reserve the right to charge a commission to the Buyer on the purchase price in accordance with their published scale of charges. If any Lot is entered for sale and is sold by the Seller to any person attending the sale that sale shall be deemed to have been effected by the Auctioneers as Agents for the Seller and full commission will be payable. The Seller shall at his own expense take away all unsold Lots not later than 5 p.m. on the next working day. In default of this storage will be charged in accordance with the Auctioneers' Standard Scale of Charges.
16. No Lot will be accepted for sale unless the appropriate Entry Form has been fully completed and the Entry Fee paid. The particulars given on the Entry Form and the description of the Lot contained in it form the basis of the Contract between the Seller and the Auctioneers and the Auctioneers shall not be liable to account to the Seller for any loss which may arise through the use of such particulars or description in any sale. At the request of the Seller the Auctioneers may complete and sign the Entry Form on the Seller's behalf. The Auctioneers accept no liability to either Seller or Buyer for any loss which may arise as a result.
17. If a Reserve Price is not stated in the appropriate place on the Entry Form the Lot will be sold without Reserve. Notwithstanding any indication to the contrary on the Entry Form (e.g. "NETT", "CLEAR") the Auctioneer has authority to sell at the price stated on the Entry Form.
18. A Lot will not be released until it has been offered for sale by the Auctioneers or the Auctioneers have ceased selling for the day. If any lot fails to sell by Auction the Auctioneers reserve the right to re-offer the Lot for sale by auction or to sell by private treaty at the Reserve Price or such other price as may be agreed by the Seller. Commission shall be payable in accordance with the provisions of Condition 15.
19. Where any Lot is found to be subject to a hire purchase, leasing or similar agreement the Auctioneers reserve the right to discharge the existing liability and to remit the balance, if any, to the Seller.
20. The Auctioneers may, at their discretion, make enquiries as to the title to any Lot. They shall not be under any duty to either Seller or Buyer to make such enquiries or to disclose to any person the result of any enquiries.
21. Definitions
 - a) "Seller" includes the owner of the Lot and any other person offering the lot to the Auctioneers for sale whether authorised by the owner or not.
 - b) "Buyer" includes the highest bidder, the person to whom a Lot is sold by private treaty, the person declared by the Auctioneers as being the Buyer and the principal of any of the above if they are acting as agents.
 - c) "Sale" includes a sale by private treaty.
 - d) "Lot" includes all Lots entered for sale whether by public auction or by private treaty.
 - e) The expressions "Seller", "Buyer", and "Auctioneers" include where appropriate their employees and agents.
22. These Conditions of Sale supersede and cancel all previous Conditions.

AUCTIONS (BIDDING AGREEMENTS) ACT 1927, ss1-4

1. Certain bidding agreements to be illegal
 - (1) If any dealer agrees to give, or gives, or offers any gift or consideration to any other person as an inducement or reward for abstaining, or for having abstained, from bidding at a sale by auction either generally or for any particular lot, or if any person agrees to accept, or accepts, or attempts to obtain from any dealer any such gift or consideration as aforesaid, he shall be guilty of an offence under this Act, and shall be liable on summary conviction to a fine not exceeding the statutory maximum, or to a term of imprisonment for any period not exceeding six months, or to both such fine and such imprisonment.
- Provided that, where it is proved that a dealer has previously to an auction entered into an agreement in writing with one or more persons to purchase goods at the auction bona fide on a joint account and has before the goods were purchased at the auction deposited a copy of the agreement with the auctioneer, such an agreement shall not be treated as an agreement made in contravention of this section.
- (2) For the purpose of this section the expression 'dealer' means a person who in the normal course of his business attends sales by auction for the purpose of purchasing goods with a view to reselling them.
 - (3) In England and Wales a prosecution for an offence under this section shall not be instituted without the consent of the Attorney-General or the Solicitor-General.
2. Right of vendors to treat certain sales as fraudulent
- Any sale at an auction, with respect to which any such agreement or transaction as aforesaid has been made or effected, and which has been the subject of a prosecution and conviction, may, as against a purchaser who has been party to such agreement or transaction, be treated by the vendor as a sale induced by fraud.
- Provided that a notice or intimation by the vendor to the auctioneer that he intends to exercise such power in relation to any sale at the auction shall not affect the obligation of the auctioneer to deliver the goods to the purchaser.
3. Copy of Act to be exhibited at sale
- The particulars which under section seven of the Auctioneers Act 1845, are required to be affixed or suspended in some conspicuous part of the room or place where the auction is held shall include a copy of this Act, and that section shall have effect accordingly.
4. Short title, commencement and extent
 - (1) This Act may be cited as the Auctions (Bidding Agreements) Act 1927...
 - (2) This Act shall not extend to Northern Ireland.

AUCTIONS (BIDDING AGREEMENTS) ACT 1969 ss1-5

1. Offences under Auctions (Bidding Agreements) Act 1927 to be indictable as well as triable summarily, and extension of time for bringing summary proceedings
 - (1) Offences under section 1 of the Auctions (Bidding Agreements) Act 1927 (which, as amended by the Criminal Justice Act 1967, renders a dealer who agrees to give, or gives, or offers a gift or consideration to another as an inducement or reward for abstaining, or for having abstained from bidding at a sale by auction punishable on summary conviction with a fine not exceeding the statutory maximum or imprisonment for a term not exceeding six months, or both, and renders similarly punishable a person who agrees to accept, or accepts, or attempts to obtain from a dealer any such gift or consideration as aforesaid) shall be triable on indictment as well as summarily; and the penalty that may be imposed on a person on conviction on indictment of an offence under that section shall be imprisonment for a term not exceeding two years or a fine or both.
 - (5) This section applies only to offences committed after the commencement of this Act.
 2. Persons convicted not to attend or participate in auctions
 - (1) On any such summary conviction or conviction on indictment as is mentioned in section 1 above, the court may order that the person so convicted or that person and any representative of him shall not (without leave of the court) for a period from the date of such conviction -
 - (a) in the case of a summary conviction, of not more than one year, or
 - (b) in the case of a conviction on indictment, of not more than three years,
- enter upon any premises where goods intended for sale by auction are on display or to attend or participate in any way in any sale by auction.
- (2) In the event of a contravention of an order under this section, the person who contravenes it (and, if he is the representative of another, that other also) shall be guilty of an offence and liable -
 - (a) on summary conviction, to a fine not exceeding the statutory maximum;
 - (b) on conviction on indictment, to imprisonment for a term not exceeding two years or to a fine or to both.
 - (3) In any proceedings against a person in contravention of an order under this section consisting in the entry upon premises where goods intended for sale by auction were on display, it shall be a defence for him to prove that he did not know, and had no reason to suspect, that goods so intended were on display on the premises, and in any proceedings against a person in contravention of such an order consisting in him having done something as the representative of another, it shall be a defence for him to prove that he did not know, and had no reason to suspect, that that other was the subject of such an order.
 - (4) A person shall not be guilty of an offence under this section by reason only of his selling property by auction or causing it to be so sold.
3. Right of seller of goods by auction where agreement subsists that some person shall abstain from bidding for the goods
 - (1) Where goods are purchased at an auction by a person who has entered into an agreement with another or others that the other or others (or some of them) shall abstain from bidding for the goods (not being an agreement to purchase the goods bona fide on a joint account) and he or the other party, or one of the other parties, to the agreement is a dealer, the seller may avoid the contract under which the goods are purchased.
 - (2) Where a contract is avoided by virtue of the foregoing subsection, then, if the purchaser has obtained possession of the goods and restitution thereof is not made, the persons who were parties to the agreement that one or some of them should abstain from bidding for the goods the subject of the contract shall be jointly and severally liable to make good to the seller the loss (if any) he sustained by reason of the operation of the agreement.
 - (3) Subsection (1) above applies to a contract made after the commencement of this Act whether the agreement as to the abstention of a person or persons from bidding for the goods the subject of the contract was made before or after that commencement.
 - (4) Section 2 of the Auctions (Bidding Agreements) Act 1927 (right of vendors to treat certain sales as fraudulent) shall not apply to a sale the contract for which is made after the commencement of this Act.
 - (5) In this section, 'dealer' has the meaning assigned to it by section 1(2) of the Auctions (Bidding Agreements) Act 1927.
 4. Copy of the Act to be exhibited at sale
- Section 3 of the Auction (Bidding Agreements) Act 1927 (copy of Act to be exhibited at sale) shall have effect as if the reference to that Act included a reference to this Act.
5. Short title, commencement and extent
 - (1) This Act may be cited as the Auctions (Bidding Agreements) Act 1969.
 - (2) This Act shall come into force at the expiration of one month beginning with the day on which it is passed.
